Gorleston Tackle Centre, 7/8 Pier Walk, Gorleston	NR31 6DA	01493 662448
Outney Meadow Caravan Park, Bungay opp. Clays	NR35 1HG	01986 892338
PW Angling, 59 Long John Hill, Norwich,	NR1 2JJ	01603 619381
Avenue Angling, Unit 4C1, Site 3 Ellough Ind Est, Beccles,	NR34 7TE	01502 710963

Day/week tickets **MUST** be purchased **prior** to fishing

### River waters (River Waveney)

Rivers are subject to close season laws – **no fishing** 15 March to 15 June inclusive.

### Non-tidal stretches

#### Coal Yard

Parking – OS map ref TM317886

Lon E 1.409088

Lat N 52.446616

From last roundabout on Bungay by-pass (A143) heading towards Harleston continue approximately 1 mile take 1<sup>st</sup> left, then right onto Old Harleston Road. After about 200 metres park on the roadside near to the coal-yard entrance (parking here is not very good!).

Walk down coal-yard road then bear to your left skirting the coal-yard. Turn right towards river and cross a small dyke bridge.

We have 300 yards averaging 8-10 ft. of deep bends, slow flow from right to left as you enter.

Walking downstream, variable depths and shelter opposite from the willow plantation before one comes to the top of Earsham Weir where the stretch finishes.

Nice pole fishing

## Bungay (Outney) Common

Parking – OS map ref TM326896

Lon E 1.42323984

Lat N 52.4556262

At last roundabout on Bungay by-pass (A143) heading towards Harleston take the third exit and follow the concrete road up towards the golf club. Park in the **first** parking area on your right.

Walk downhill back towards the roundabout, skirt Common Pond, turn left onto the track by the caravan site and take the footpath through the kissing gate and across the field to the footbridge over the river. Turning left here you can fish the full length of the river until it returns to the A143 by golf club house.

Rule of thumb - the further you go the better the fishing can be. Good Chub and Pike can be had. Be prepared for summer weed.

## Tidal stretches

### Ellingham

Parking – OS map ref TM364916

Lon E 1.47994497

Lat N 52.47101515

On A143 heading towards Bungay from A146 for about 2 miles. Turn left just past Crossways Store (you can buy bait here) onto Church Road. Continue and cross old railway bridge and turn right onto Mill Pool Lane past the Mill (very narrow here!) and continue until you cross the river at the weir. Parking is on your immediate left – space for 4 cars max. **Please do NOT park across the gate into the field.**

You can fish the first four marshes here. Good Chub, Pike and Perch can be caught here but be prepared for summer weed.

### Shipmeadow

Parking – OS map ref TM387904

Lon E 1.51295983

Lat N 52.45944496

### **Found half-way between the Bungay to Beccles high road on the (B1062). On the SUFFOLK Bank.**

In the dip in the road soon after the monkey tail tree on the hill, on your left is Nunnery Farm. Turn in left into second turning, and go down lane bearing right until at the end is the water abstraction plant.

Parking is on the side of the road approaching water abstraction plant - **please park neatly**, don't block access gates, and ensure farm and water company vehicles have full access.

Two routes to the water:

1. Through the metal gate with club sign on it, across the marsh to a second gate and bridge then onwards to the river
2. Through metal gate past the water works and turn left onto the footpath which runs to the footbridge over the river.

True flow is from left to right with a tidal rise and fall of about 26".  
The stretch towards the upstream end of the water is very shallow in places.

Deeper and less weedy water can be found on the bends and just downstream of the Anglian water outlet.

Autumn sees this at its best with many fish moving upstream from Beccles and other downstream areas in winter - a good winter Pike venue.

## Dunburgh

Parking – OS map ref TM402923

Lon E 1.53526193

Lat N 52.46758817

Heading towards Norwich on A146 from Beccles turn left into Gillingham (Loddon Road) then first right into The Street. Follow road till just past pylon line then sharp left into Dunburgh Road. Follow till just before first house on the right.

**Very limited parking here for just two cars, on the right by the footpath.**

Take the footpath downhill (new, stepped pathway) to the river. Turn right and you can fish swims from here upstream to the boathouse.

There are 16 purpose built swims along the upstream part of this stretch.

**Please note.** A public footpath runs along the river directly behind the swims. **Please be considerate** to walkers and don't block the path with your equipment. They have as much right as you to be there!

A really cracking stretch!

Deep, with Norfolk reeds, and some boat traffic.

Nice stick float water. Big Perch!

## Still water

### Common Pond

Parking – OS map ref TM326896

Lon E 1.42323984

Lat N 52.4556262

At last roundabout on Bungay by-pass (A143) heading towards Harleston take the third exit and follow the concrete road up towards the golf club. Park in the **first** parking area on your right.

Walk downhill back towards the roundabout, until you reach the Pond,

Shallow on the southern side with deeper water on the north side where work has opened up a number of good swims.

A quality Crucian water (if you can find them) with a good head of quality Perch and Carp to double figures can be caught.

Please be aware this is Common land open to all. Inconsiderate dog walkers can be a nuisance at times.
